Subject: RE: AK Steel

Thanks, Michael. I can use the coordinates to start building a map with cans/concentrations, denoting which cans were ours and which were taken by OH.

Subject: AK Steel

Hi George,

Thanks again for your previous message regarding A.K. Steel. Attached is a spreadsheet summary of the data that Ohio EPA received from Hamilton County Division of Environmental Services. I also understand that U.S.EPA Region 5 collected 24hr VOC canister samples on two separate occasions. If you receive information regarding U.S.EPA's canister results, please share at your earliest convenience. Have a great weekend.
